## Technology Leadership Exchange Teleconference

### Technology in the Middle East: Gaining Access to Government Dollars

**In New York: Tuesday, February 23rd at 8:00 (In London at 13:00, In Riyadh at 16:00)**

Frontier Strategy Group looks forward to hosting Basel Al Jabr\* to discuss strategies to capture government funding for technology in the Middle East, with a particular focus on Saudi Arabia.

Clients who attend this teleconference will learn about:

- Availability and commitment of technical assistance on the ground
- Talent in-country
- Partnering with your largest client: the government

\*Basel Al Jabr is the CEO of the Mohamed & Abdullah Alsubeaei Investment Co. (MASIC). He began his career at the Saudi Ministry of Commerce, leading the national Saudi E-Commerce strategy along with representing Saudi Arabia in the Gulf Cooperation Council E-commerce Taskforce. He also developed the Saudi IT plan at the Saudi Computer Society, and was selected by Raytheon to be President of Interactive Saudi Arabia Limited (ISA), a portal development company, focused on e-commerce, e-government, and e-education under the Saudi Economic Offset Program. Basel Al Jabr is also a member of the IT committee at the Riyadh Chamber of Commerce and Industry.

**Please RSVP to your Program Director or to [events@frontierstrategygroup.com](mailto:events@frontierstrategygroup.com) for dial-in and WebEx details.**
